

# About Copenhagen Economics A/S

Copenhagen Economics is one of the leading economics firms in Europe. Founded in 2000, we currently employ 88 staff operating from our offices in Copenhagen, Stockholm, Helsinki, and Brussels.

Every day, we strive to combine hard facts and clear stories to help our clients make better choices in their political and commercial reality. We succeed because we are a senior team dedicated to delivering compelling and pragmatic economics solutions with a creative and candid approach.

Our clients get fact-based and precise economic arguments when they are preparing for important strategic decisions, working to reform regulatory impediments, engaging in legal conflicts, or aiming to communicate their economic value to stakeholders.
